JHOMAR BALUCA

Software Developer

EXPERIENCES

Web and Mobile Application Developer

2019 - Present

Iconcept IT Solutions

Marilao, Bulacan. Led full-stack development of enterprise web and mobile applications using React Native, Flutter, Vue.js, and Laravel. Implemented automated workflows with n8n and Zapier, reducing manual processes by 60%. Improved user engagement by 35% through responsive UI design. Managed project lifecycles and mentored junior developers.

Treffas

Project

Treffas

Online Booking System developed using ReactJS, Node.js, and Laravel. Implemented RESTful APIs and optimized database queries, improving performance by 40%. Integrated AWS services (S3, EC2, Route53) for cloud infrastructure and deployment automation.

Mobile App Developer

Project

Piccatune

Developed Piccatune, a Flutter-based social media app combining TikTok-style short-form videos with e-commerce bidding. Built scalable Node.js backend with RESTful APIs. Integrated Firebase for real-time database, authentication, and cloud storage. Implemented AWS MediaConvert for video processing and transcoding. Optimized for smooth video streaming across iOS and Android platforms.

Web Developer

2019 - 2022

Infimax Health Products

Purok 7. Grace Park Subd. Matina Pangi Davao City. Developed web applications using PHP, MySQL, and JavaScript. Optimized database queries, improving data retrieval speed by 50%. Implemented secure authentication systems, payment gateways, and responsive designs for seamless cross-device experience.

Layout Artist / Photographer

2016 - 2018

Perfecto Group of Companies

SM. Ecoland Branch, Davao City. Designed visual layouts for print and digital media, maintaining brand identity. Executed photography projects including product photography, corporate events, and promotional campaigns. Collaborated with marketing teams to create engaging visual content and managed multiple projects simultaneously.
